## Court Trial Faced By Forgery Suspect

George Lewis of Coyote, Santa Clara County, will be tried in superior court on forgery charges Thursday as the result of unsuccessful attempts yesterday to dismiss the complaint because of alleged improper justice court proceedings. Dep. Sheriff Thomas F. Maloney and Judge E. I. McAuliffe took the stand to testify that Lewis had been arraigned and instructed properly.

He is charged with raising a $10 paycheck to $40 and cashing it with George Fabbro, Redwood City, on Jan. 17.

# Hugh H. Smith Comes Out of Retirement To Seek Managership

What promises to be one of the most interesting and intense campaigns of San Mateo County's election year was launched today with the announcement by former Supervisor Hugh H. Smith, now of San Mateo, that he will be a candidate for the office of county executive at the Aug. 25 primary election.

In announcing his intention to run, Smith, who quit the board of supervisors two years ago expecting to retire from a long career of public life, said he has been prevailed upon to seek the office by a large group representing virtually every phase of county life. He added these requests come from citizens eager to bring to an end turmoil in government, so that this county may go forward with other counties of the state, especially during this war emergency. So urgent have been these requests, Smith explained, that he did not feel he could refuse. He said he had retired from the county board to put his business affairs in order, and now that this has been achieved, he is willing to return to county service in the interests of unity.

The former supervisor made it apparent that his campaign keynote will be civilian defense and co-operation in government to bring about adequate protection for San Mateo County. He paid tribute to citizens who are devoting their time and effort to the county's civilian defense program, despite what he charged is obvious lack of co-operation from the county executive, the one office of the county that should assume leadership in times of stress.

**'DIVIDE AND RUIN'**

The continued refusal of County Executive Frederick Peterson to show any disposition to co-operate with other departments charged with the conduct of county government, smacks, Smith pointed out, of the old divide-and-ruin policy.

"This county," Smith said, "a community of homes, schools and churches devoted almost exclusively to happy family life, is entitled to a better break than it is receiving. While citizens themselves devote their every effort toward protection of their families and homes from disaster that may come at any time, the county executive's office goes blithely on, unaware or indifferent of lurking dangers, judging from its steadfast refusal to give co-operation.

"We elect our officials to assume leadership, especially in times of emergency. If they cannot give leadership, the least they can give is co-operation.

"It may be all very well, perhaps, when no emergency clouds our horizon, for government officials to vie for public favor and the spotlight by opposing each other on issues of importance to the welfare of our citizens, but even then I question the wisdom of it. Sincere public officials do not retard the public interest and welfare with personal feuds and bickering.

**'WANT NO PEARL HARBOR'**

"Three short months ago we saw an example of the failure of public agencies to co-operate for the public interest, and history will record that Dec. 7 as the darkest day in American existence.

"It seems to me that our issue here is, does San Mateo County want unity and harmony in County government, and leadership and co-operation from the highest office in the county, or does it want another Pearl Harbor?

"There are other issues in this election, many of them, but none so important as that of civilian defense, and military co-operation, which we cannot have until we have harmony in government, and I do not mean by harmony any conniving together on the part of public officials against the public good.

"The public press informs us of conditions now existing in Redwood City that read like a page from the dictators' book. If we are to keep America free, we cannot stifle the right of the people to know what their officials are doing, and this happens when the press is no longer free. San Mateo County citizens do not want, nor need, a Goebbels to censor their news.

**UPHOLDS TRIBUNE STAND**

"It is the right of newspapers to disagree when they think the people are being sold down the river for personal ambition and glory, and their disagreement with any public official is no excuse for denying the people, served by the newspapers, full information as to the conduct of any office that really belongs to the people, but apparently the county executive does not think so.

"We pay our county executive in salary alone $6000 a year. This is remuneration in keeping with what an executive and a leader commands in private industry, and why should it be any different in county government? Every public official is expected to give freely of his time and best efforts for the public trust reposed in him, and the public compensation paid him. I do not believe that creating continual strife and discord among the various county offices fulfills what the people have a right to expect of their county executive.

"It seems to me the first duty of the county executive now is to bury personal prejudice and get along with other officials, especially in such important matters as civilian defense, and more especially when the entire world has learned the awful cost of disunity.

"I believe the county executive should have the necessary qualifications of leadership in this emergency, and should assume that leadership in co-operation with other county officials. We are fighting on far-flung fronts to stamp out one-man rule, and to preserve democracy. It might be well for us here to begin at home.

"My principal purpose in seeking this office is to bring unity in government, so that our people will not be sacrificed to destruction to appease personal power and glory.

"What can we achieve for the protection of our families and our homes, despite our great private efforts, when the office from which we have the right to expect courage, vision, leadership, and co-operation is so strangely complacent?"

**Smith, before becoming supervisor, was mayor of Daly City for 18 years, and still retains the active interest he always has maintained in public affairs. He is an experienced and successful business executive, Red Cross director, and former president of the Peninsula Division, California League of Municipalities. He is 59 years of age, married, and has five children.**

## His Hat's Back in Ring

**Hugh H. Smith of San Mateo, former county supervisor, today announced he definitely would be a candidate at the August election for the post of county executive.**

# Paper Urges Removal Of Manager From Office

Removal of County Manager Frederick Peterson from office at the coming election "if not before" is advocated editorially by the Belmont Courier and San Carlos Bulletin, weekly papers published by A. Ray Dixon.

In an editorial in its Friday issue titled, "Executives Made — Not Born," the papers say:

The temerity manifest in the recent action of our county executive "Colonel" Peterson in barring a Redwood newspaperman from the official channels of information of that county office is indeed "one for the book."

Peterson has been elected to his $6000-a-year position by the people of San Mateo County. The newspaperman in question, Ray Spangler of the Tribune, attempts to serve his reading public honestly and efficiently, and the action of a public official banning a newspaperman from a public office is not only unprecedented but is a flagrant violation of the democratic principles of our country and an effrontery to the freedom of the press.

It would seem to us that when an elective official entertains the idea that he is above public criticism and free to withhold public information, it is high time he is removed from office and relegated to the unofficial status from which he has sprung.

No doubt the electors will be enabled to remember our county executive's Hitlerian tendencies at the time of his submission for office in the future, and no doubt they will then show their appreciation of his independence and conceit—if not before!

**COAST PUBLISHER URGES 'GET OFF HIGH HORSE'**

**George Dunn, publisher of the Half Moon Bay Review, has called upon County Executive Frederick Peterson to "get off his high horse" and make peace with the Redwood City Tribune and Burlingame Advance.**

**"We who have been supporting Mr. Peterson in the past feel that it is his duty to get off his high horse and make peace with these newspapers," Dunn declared. "It is not the prerogative of any county official to withhold news from the press."**

## Marine Corps Seeks Men for Radio Work

The U. S. Marine Corps is seeking to commission as officers men with electrical background for duty in the supervision and maintenance of radio aircraft warning devices, allied radio equipment and installations. Civilians between 20 and 40 years of age are desired. Information can be obtained by letter from Lieut. Col. Raymond W. Conroy, Naval Reserve Aviation Base, Oakland Airport, Oakland.

**CONCESSIONNAIRES SOUGHT**

The county government has published an advertisement for concessionaires at Memorial and Flood Parks, and at Dunes Beach near Half Moon Bay. Bids must be in by Apr. 10. Concessions will be given for sale of retail food and soft drinks.

# Free Swimming Classes Begin Here on Saturday

Get your swimming suits ready, you would-be swimmers, for the Sequoia High School-Tribune classes begin tomorrow.

Especially are pre-service men —men subject to draft—urged to take advantage of the free swimming classes to be conducted by Sequoia Instructor Clyde Devine.

Howard Braucher, president of National Recreation Association, was quoted recently as saying, "Every man who is eligible to be called for service in the armed forces should know how to swim and swim well." He quoted a letter from an Allied soldier who said that at one station 98 per cent of the men had been taught to swim, with the result being actual saving of human lives.

**Pre-service men who can not swim at least 50 feet may take the classes on Saturdays at 11 a.m., beginning this Saturday. Other non-swimmers should be at the pool at 12 noon for the 1-hour instruction.**

In addition to the swimming classes, a Red Cross Life Saving Course will start Monday night, Apr. 6, under sponsorship of the Sequoia Adult Evening School.

**ENLISTS IN NAVY**

Servino Celotti, former Sequoia High School football player, has now joined the U. S. Navy. He is the son of Mr. and Mrs. Ernest Celotti of 413 Buckeye St.

# Serious Need For Funds

An intensive drive to get more contributions in the Redwood City Blood Bank campaign was mapped yesterday by the local committee after reports showed that Redwood City-zens had fallen far below residents of other communities in their gifts.

**At the first of the week, a total of only $209 had been raised in Redwood City, as compared with $3808 in Hillsborough; San Mateo, $1652; Burlingame, 1329; South San Francisco, $1131; Woodside, $205; San Carlos, $64; Belmont, $37, and Menlo Park, $17.**

So far this week further donations have increased the total to $410, while an additional $60 was voted in San Carlos by the United service clubs.

"We have avoided a house-to-house canvass, hoping to secure our quota of $2000 by voluntary mail and over-the-counter gifts," said Louis C. Christensen, captain of the Redwood City committee.

"The response to date has been so light, however, that we must enlarge our activities to raise sufficient money for this needed cause."

**Some confusion exists regarding the San Mateo County Blood Bank and the mobile blood bank units of the Red Cross, it was pointed out by Theodore N. Thompson, secretary of the local committee and a trustee of the newly-incorporated county organization.**

"There is no conflict between these at all," he emphasized. "The Red Cross on May 4 will seek donors of blood to be converted into plasma for use by our armed forces only; the county blood bank seeks money to set up blood plasma stations all through the county to supply our own civilians."

It is estimated that $15,000 will be needed to establish reservoirs in Redwood City and other county points. The plasma is used chiefly for treatment of burns and shock after an air-raid or other meregency, and is the only means of saving lives of men, women and children severely injured in this manner. Money now being raised will be used to purchase refrigeration equipment and laboratory supplies, and to employ skilled technicians who will convert the blood into plasma.

Donations to the fund may be made at any bank or newspaper office, or may be mailed to the County Blood Bank Fund, Redwood City.

THUMBS UP FOR BONDS AND STAMPS! This war poster, illustrating how Americans can help the air forces to victory, is being displayed in the windows of 500,000 of the Nation's retail stores where Defense Stamps—in denominations from 10 cents to $5—are being sold. This is one of a series of human-interest posters being prepared to remind the public of its part in the war effort.

## Seven Pupils Buy $106 Defense Stamps

Seven of the eight children registered at remote Alpine School, near Shrine Park south of La Honda, invested $106 in defense stamps in February, according to a report made public by County School Supt. Pansy Jewett Abbott.

The report showed that 2540 students in the county invested $4409.55 in the month. The total, she explained, did not include figures for Redwood City, Hillsborough, Jefferson High School, Millbrae, San Bruno, or San Mateo Junior College.

## Log Cabin Ranch Boys Erect Own Buildings

Armed with their first official county building permit, boys at the San Francisco Log Cabin Ranch at La Honda this week were themselves erecting temporary quarters for their establishment. Buildings formerly used by the SRA at Memorial Park are being knocked down and reassembeld at the La Honda site.

Eventually the boys plan to erect a Spanish-type village using adobe bricks which they plan to manufacture from nearby claybanks.

Temporary buildings will be ready for occupancy about July 1, according to present plans.

President John Quincy Adams once taught rhetoric at Harvard.

**AUTO THEFT TRIAL SET**

Barney Martinez, accused of an automobile theft in Redwood City, will be tried in superior court Apr. 15. He has pleaded not guilty but waived jury trial.

Redwood City

# More Outlets for Savings Stamps

**R.C. Committee**

## Clubs To Vie For $25 Bond

More outlets for U. S. savings stamps and bonds have been established in Redwood City, through efforts of the defense savings executive board.

Chairman John W. Brand said today that beginning this Saturday, desks would be set up in each Redwod City bank where citizens could buy stamps without having possibly to wait in line at a busy teller's window.

The desks will be staffed during April by the recently-formed McKinley School Parent-Teacher Association, of which Mrs. Fred A. Schmitz is president.

Starting Monday, a desk will be set up in the main hall of the courthouse. Various women's organizations will see that an attendant is on duty each morning and afternoon.

Besides the previously-announced desk in Sequoia Theater, handled by members of Redwood City Women's Transport Corps, similar desks have been set up by that organization in the Redwood and Carlos Theaters.

Stamps will be on sale at a number of outdoor tables the night of the big defense rally and entertainment, Saturday, Apr. 11, at Sequoia High School.

**Local organizations are invited by Wrex W. Cruse, who has been appointed to be in charge of this phase of the affair, to operate booths. To the organization selling the most defense stamps and bonds that night, the executive board of the Redwood City Defense Savings Committee will give a $25 defense bond, Cruse announced. Because of this sale, the downtown booth will not be operated that Saturday afternoon. This coming Saturday it will be handled by the Exchange Club.**

Appointment of another committeeman for the entertainment was announced also by Brand. It is of J. A. Buhler to be in charge of the box office and exchange of tickets for defense stamps. The 75-cent tickets which bring admission to the variety show are redeemable for two 25-cent stamps, making net cost of the performance only 25 cents, which will go toward tax and expenses.

Meanwhile H. C. Mitchell and Abe Jacobs are contacting local merchants endeavoring to get them all to handle savings stamps so that citizens can buy them in any store in the city.

### Milland, Goddard Co-Starred

**For the first time Paulette Goddard and Ray Milland appear together, in Paramount's comedy-thriller, "The Lady has Plans," which comes Sunday to the Sequoia Theater. As a romantic team they are unequalled and as each has a fine flair for comedy, the picture is a riot of laughter. The story concerns a reporter, Miss Goddard, who arrives in Lisbon to assist Milland, an American newcaster. She is mistaken by foreign agents for a spy who is know to have drawn upon her back, in invisible ink, plans stolen from the U. S. Navy. Hilarious complications plus exciting action make "The Lady Has Plans" merry movie fare.**

# Civil Defense Letters Sent

Some 1500 civilian defense volunteers who haven't as yet been assigned to specific tasks by the Redwood City Civilian Defense Council were sent personally signed letters last weekend by Mayor Harold F. Anderson asking them to notify the city hall office of preferences for work.

Said the mayor in his letter:

"In the stress of the emergency in the few days following Dec. 7, the task of classifying volunteers was so tremendous that it became necessary to classify generally by preference indicated on the registration blank. This method, of course, provided a speedy means of putting our city on an emergency basis but on the other hand had the fault of leaving unassigned many among the over 1500 citizens like yourself, anxious to serve and possessing qualifications of extreme value to our local defense. Many of you to whom this letter is addressed have already put in countless hours in our defense program, not only in direct work but in availing yourselves of the training offered through courses being conducted by the Red Cross and our Defense Council.

"You perhaps may be one of those who at the time of registration stated that you were willing to perform any service, but, since that time perhaps, with a better understanding of our defense program, have felt that your past experience and present training qualify you in some particular field in civilian defense. If you have such preference won't you please so inform the defense office. We particularly need more auxiliary firemen, auxiliary police, rescue workers, adult messengers and special duty firemen.

"Up to the time of this writing it has not been found necessary to call on more women volunteers for specific duties, but hundreds are now being trained in such as first aid and home nursing, so that in the event of an emergency the women in their own homes will be able to cope with the situation, thereby protecting their families and performing a most valuable service by releasing emergency equipment and personnel for other duties."

## Back Porch Damaged In Sunday Blaze

Redwood City firemen were called to 1432 James Ave. at 2:34 a.m. Sunday to extinguish a fire in a basket of waste material stored near a heater. The fire scorched the back porch floor of the home.

## Tavern Robbery Suspects Face Trial

Raymond G. Wayne and Steve Murphy, two 19-year-old San Franciscans accused of robbing the Forty-Nine Club Tavern in Redwood City Mar. 19, were held to answer to superior court after a brief preliminary hearing before Judge McAuliffe Wednesday morning. Only witness was Alex Morra, the bartender of the club.

**REINHARD & CO. ARE HERE TO TELL YOU**

That they take pride in being conservative. Probably in no other field does radicalism in management run so rampant as in jewelry retailing. Every panic and stringency brings a heavy mortality to merchants.

Reinhard & Co. has gone right along through several of these panics—the worst the business world have ever seen . . . although Reinhard & Company is not wealthy as wealth goes, it has its feet on the ground . . . believes in modest expansion of trade and store capacity rather than rapid ones which may be too big for tomorrow . . . believes in being dependable.

The result has been that the customers of Reinhard & Company feel it is a "good house." We will endeavor that you, too, will have this faith as your acquaintance lengthens with us.

**Easter Gifts That Last**
**Jewelry and Kindred Items**

THERE is some one you like
And of course that's the reason,
You're wishing for them

# Harold Dana, Former Radio Star, To Sing at Defense Show Here

E. Harold Dana, for 12 years a baritone soloist with the National Broadcasting Co., will be one of the featured singers at the Apr. 11 defense savings show to be staged at Sequoia High School.

W. B. Curran, who with Max L. Gelber is arranging the program for the event, for which tickets already are on sale, expressed satisfaction at being able to secure Dana for an appearance here, in what has become his home town. Mr. and Mrs. Dana live on Alameda de las Pulgas.

Dana was one of the first artists employed by NBC in San Francisco. For Four years he was on an Associated Oil Co. program, and was a staff artist the remainder of the time from 1924 until his retirement in 1936. He specializes in ballads, and is expected to render several at the show here.

At present he is soloist in the First Christian Science Church in Palo Alto, but does not sing regularly over the radio, prefering instead to devote his time to care of properties which he has acquired in this vicinity.

**Another musical feature will be provided by the Redwood City Woman's Club Choral Section, which is working up special numbers for the occasion. The group practiced this morning.**

Many other features are planned for the two-hour show, including a comedy skit to be directed by Claude van Patten, Sequoia High School dramatics instructor.

Tickets for the show, available in all organizations which are participating in the savings stamps campaign here, are 75 cents each, but are redeemable in two 25-cent savings stamps when presented at the door the night of the show.

Net charge thus will be 25 cents, which will go to pay federal tax (7½ cents) and for incidental expenses such as ticket printing.

The affair will serve as a rally preparatory to the start of a house-to-house campaign here the middle of the month to get people to pledge regular purchases of savings stamps and bonds.

Canada is largest produced of maple sugar and syrup in the world.

## Valley Paper Raps Action Of Peterson

Apparently indicative of the significance with which County Manager Frederick Peterson's reprisal ban of Tribune Reporter Ray Spangler from his office is viewed by newspapers elsewhere in the state, the Hanford Sentinel, daily newspaper published in the county seat of Kings County by Stanley Beaubaire and Keith Topping, has editorially condemned in vigorous terms the action of the local executive.

The newspaper, located more than 200 miles from San Mateo County, points out that while "such an incident is regarded as a local happening" normally, to be settled locally, in this case "the incident is of far more than local significance, because it gives a particularly clear cross section of the very type of dictatorship which America is fighting to avert."

The editorial, titled "A Petty Dictator Would Throttle Press," follows:

From the saltbeds along Bay-Shore Hwy. on San Francisco Peninsula has arisen a new type of official, a Col. Frederick Peterson, San Mateo County "executive" who has banned the representative of the Redwood City Tribune from his offices because he does not like adverse criticism.

Normally, such an incident is regarded as a local happening and usually is settled by conferences between newspaper representatives and the official concerned.

In this case, however, the incident is of far more than local significance, because it gives a particularly clear cross section of the very type of dictatorship which America is fighting to avert.

This Colonel Peterson would throttle a county-seat newspaper because of a purely personal grudge concerning the publication of an article which informed the readers that he had summarily fired a Japanese-American girl from office.

This petty politician apparently believes it is his privilege to bar from his public offices a reporter from the newspaper, and then to telephone the news—that HE ALONE feels is newsworthy—to the paper under fire.

Although it is hardly possible to believe, this embryo "gauleiter" apparently feels the office of county executive belongs to him—rather than to the people. He apparently imagines he can keep the news of his office from a large segment of the population which pays his salary and entrusted him with the responsibility of public leadership.

In Rome, Berlin, Tokyo, or even Vichy, yes. But not in America. Not in Hanford, nor Redwood City, not in Punkin Center. For Colonel Peterson is not making the laws—he's merely paid to carry them out, and when he fails in this fundamental obligation to the bloodstream of democracy—freedom of the press—then he clearly becomes delinquent in his duties as a public official.

Virginio Gayda, Joe Goebbels, or the Tokyo correspondent for Nichi Nichi may be compelled to write what the big bosses tell them. Not so with the thousands of newspapers of America, the great giants of journalism in the metropolitan areas, and the small but substantial dailies in smaller cities. It is their sacred privilege to criticize President Roosevelt or even General MacArthur — and still demand and be accorded a press conference with these targets of their criticism.

Unless Politico Peterson awakens to this primary lesson in journalism and county government very quickly, he may learn to his sorrow that he won't have any news to give at all—after the next election.

The Redwood City Tribune is to be heartily congratulated on its determination to meet this challenge to its integrity. Every newspaper in California — large and small—awaits developments with interest.

## Exchangites Are Urged To 'Talk Up the War'

Serve in silence, as far as military secrets are concerned, but promote the war effort by talking about it and "letting people know the outcome of this war is the most important thing on earth," was the advice given Exchangites Tuesday by Ivan Branson of San Francisco, recently appointed district governor for this area.

"Work is needed if we are to win the war," he declared, proposing that everyone talk war, eat war, sleep war, to get in the mood to win the war.

The occasion marked the 31st birthday anniversary of Exchange, which was founded May 27, 1911, by Charles A. Berkey and 11 Detroit, Mich., associates. A message from Berkey, still a member of the Detroit club, was read by Secty. Fielding McDearmon and a cake with 31 candles was cut by Branson.

H. M. Scales of 59 King St. was taken into the club as a new member.

In absence of Pres. A. J. Terremere Jr., Vice Pres. Lloyd W. O'Connell presided. P. H. Tyrrell was chairman.

Plans were discussed for the Exchange Club's operation Saturday of the downtown defense savings booth, which will be located on Broadway in front of the Sequoia Pharmacy, and plans were announced for a district meeting in San Bruno Apr. 16.

Soap bars manufactured in Mexico have been reduced in size because of rising prices of raw materials.

'MacArthur Villa'

# Peninsula Contractors Aid San Pablo Project

Several Peninsula builders and subcontractors have been employed to provide 200 houses in San Pablo, adjoining Richmond, for shipyard workers of Richmond's three ship-building yards.

J. H. Crawford of San Carlos, contractor, has purchased 35 acres and plans to subdivide and build the 200 homes, and to provide streets and utilities, before the end of the year. Total value of the project is $900,000.

**Housing is urgently needed in this area and full co-operation from the priorities division has been assured. The new development will be known as MacArthur Villa, and shipbuilders will be able to select their homes either on MacArthur, Kelley or O'Hare Sts.**

In undertaking this project, Crawford secured the co-operation of several Peninsula builders, subconttractors and business interests.

W. G. (Jack) Frost of Redwood City has already started the work of subdividing and engineering. Dingman Electric Co. of Redwood City will do the electrical work, and C. D. Williams of Redwood City, who recently has been working in Vallejo, will be one of the three building superintendents.

N. E. Davis, San Carlos real estate man, will have charge of sales and service. Other men of the building trades from San Carlos, San Mateo, Menlo Park and Palo Alto will participate in the project, according to Crawford.

Actual construction will start before the end of Apr. 1.

Crawford has done considerable building in Redwood City and the Peninsula during the past three years. His latest and most prominent work in Redwood City is the Fat Boy Drive-in on El Camino Real, of which he was general contactor.

## Phone Firm Reveals Heavy Tax Increase

In a report covering coast-wide operations of Pacific Telephone and Telegraph Co. during the first three months of this year, N. R. Powley, president, stressed heavy growth in taxes, and the difficulties imposed by the necessary restrictive use of materials in meeting large telephone demands. He also reported 26,000 employes are participating, through the payroll allotmen plan, in the purchase of defense savings bonds.

The report, copy of which was received here by M. A. Gooding, local manager, shows the tax bill of the company for 12 months ending Mar. 31 was $24,877,000, an increase of more than $3,500,000 over the preceding 12 months. This reflects federal taxes at the rates fixed by the Revenue Acts of 1940 and 1941. Powley said heavy increases in these taxes, effective retroactively to Jan. 1, 1942, are expected, and the net income in all probability will be less than indicated by the report.

## Dr. C. V. Thompson Injured in Crash

BURLINGAME—Dr. C. V. Thompson of Burlingame, former chairman of the San Mateo County Board of Supervisors, of which he was a member from 1914 to 1934, was injured late Monday in an automobile collision at El Camino Real and Broadway, North Burlingame.

When making a left hand turn from the highway into Broadway the doctor's car was struck broadside by another car, southbound, driven by Ray Neilson, Burlingame taxi driver.

Dr. Thompson suffered several broken ribs, shock and a bruised right knee, while Neilson's left knee was fractured. Both were taken to Mills Memorial Hospital.

The capstone of the Washington Monument at the nation's capital is crowned by a small pyramid of pure aluminum weighing 100 ounces.

## MENLO PARK NEWS

BY D. E. O'KEEFE

MENLO PARK—The two marriages that were to have taken place after Easter have been postponed until Johnnie comes marching home.

★ ★ ★

Local real estate operators say there is a big demand for property in and around Menlo Park but there is very little for sale and no houses for rent. This condition has existed for more than a year.

★ ★ ★

Mrs. J. McCarthy, who spent the Winter in San Francisco, has moved down for the season. She was accompanied by her daughter, who is to remain until after Easter.

★ ★ ★

The Menlo Fruit Market, operated by Japanese will continue in business under new management. In a few days a new proprietor will take over the store. The concern enjoys a big trade both here and at Atherton.

★ ★ ★

All local churches will observe Easter with special services. At the Church of the Nativity masses will be celebrated at 7, 8:30 and 11 o'clock; the latter will be a solemn mass. The sermon, "As Christ Is Risen From the Dead, So We Also May Walk in the Newness of Life," will be preached by Father McKeon.

★ ★ ★

The municipal election Apr. 14 is beginning to warm up. The respective candidates for places on the board of trustees are contacting voters. It is the general belief that the ticket headed by Councilman Carroll will be chosen by a big majority. The opposition will only be negligible.

★ ★ ★

The Hornbuckle Bakery in the Dolye Building will shortly be moved to the vacant store in the Maloney block. The change is made because of the widening of the highway through town. The Hornbuckle products are the best on the Peninsula, and the concern is widely patronized.

★ ★ ★

A Menlo Park young man who departed for New York this week is expected to return in the middle of April accompanied by his bride, a sweetheart of his college days.

# Seal Sale Sets Record

Christmas seals, sale of which is the only means of support of the San Mateo County Tuberculosis and Health Association, returned a total of $13,760.19 to the organization this year, Mrs. Ruth Close, executive secretary, reported here as the result of a weekend meeting of the association's executive committee.

She said this was 24 per cent more than was obtained in any previous year.

Because of the war, however, these funds are vitally needed, Mrs. Close said, and the committee took several steps to extend the association's services to meet the emergency.

"The entire executive committee," she reported, "was unanimously in favor of early diagnosis of tuberculosis being a daily program for this agency during the war. It was voted to mobilize home defenses for conservation of man power on the civilian front."

The executive board voted to send Mrs. Close to the national convention at Philadelphia May 6-9 so that she could aid California in securing all the help possible from the national association for control of tuberculosis during the war.

Among reports given were those of Dr. H. C. Warren, who said that 22 restaurants had signed up its employes for examination, a program indorsed by Hotel and Restaurant Employes Union, Local 267, and Mrs. Emmett Donnelly, who said 9500 pieces of printed material on tuberculosis had been distributed to Red Cross instructors and students in home nursing and nutrition classes.

Named as delegates to the state convention in Los Angeles Apr. 9-11 were Mrs. Close, Dr. Warren and Dr. St. John Lester Russell.

## 'Life With Father' Coming to S.F. Stage

SAN FRANCISCO—"Life With Father," New York's delightful stage comedy will come to the Geary Theater Monday night. Performances will be given every night except Sunday and matinees on Wednesdays and Saturdays.

Producer is Oscar Serlin, young Broadway talented producer.

"Life With Father" depicts the comic domestic adventures of an American family, the Clarence Shepard Days, during the era of bustles and bicycles, gaslight and plush furniture, in New York City. Father is the boss of his brood of four red-haired boys and a red-haired wife. He roars and bellows and blusters, gives orders, frightens servants, doctors and relatives and makes life a commotion from morning to night.

An entirely "clean comedy," "Life With Father" is nevertheless extremely lively and exciting; and it is embued with pathos.

The stars of "Life With Father" are Percy Waram and Margalo Gillmore, both outstanding in the New York theater. They are supported by Richard Simon, Patricia Riordan, Virgilia Chew, Bernard Carson, Jack Irwin, Donald Hastings, Clara Joel, Margaret Randall, George LeSoir, Aubrey Hynes, Nellie Burt, Carroll Ashburn, Paul Martin and Jean Martin.

## Five Ways To Aid the Axis

"Don't Talk," a Metro - Goldwyn - Mayer Crime - Does-Not-Pay subject, opening Sunday at the Fox Sequoia Theater graphically depicts what can happen when workers in war industries do not recognize their responsibilities to their country and fail to exercise proper caution. Here are some common practices which make the work of Axis agents easier: (1) Keep on working, even though passers-by can read over your shoulder; (2) when you meet a fellow-employe on the street, don't hesitate to discuss shop problems with him; (3) discuss business matters on the telephone, even though strangers are in the office; (4) when you call the little woman to say you're working overtime, be sure to tell her what you're working on; (5) dispose of confidential correspondence and carbon paper without mutilating it.

## 'My Sister Eileen' Halves Its Prices

SAN FRANCISCO — Homer Curran announces the greatest entertainment buy in the history of the Curran Theater when the New York comedy riot, "My Sister Eileen," slashes its prices almost in half for a limited return engagement beginning Monday.

Throughout its New York engagement of more than a year and its road tour, "My Ssiter Eileen" has never been played at less than a $2.75 top.

The new top prices evenings is $1.50 for the best seats, with the balance of the theater at 50 cents and $1. Matinees on Wednesday and Saturday are only $1 for the choice seats, with the balance of the theater at 75 and 50 cents.

"My Sister Eileen," based on the "New Yorker" magazine stories by Ruth McKenney, concerns the humorous adventures of two sisters, Ruth and Eileen Sherwood, who come to New York from their home in Ohio in seach of careers. Ruth, the brainy one, wants to be an author, while Eileen, the beautiful, seeks fame in the theater. They pay a month's rent—in advance—on a basement studio in the Greenwich Village art colony.

There is one huge dormer window just above the sidewalk level through which all the gaudy and boisterous life of Greenwich Village can be seen. Their new home soon becomes the hangout of numerous male visitors, including a professional football star, six romantic Brazilian naval cadets, a newspaper man, a magazine editor, an amorous drug clerk, a Cossack doorman.

The cast and production will be the same.

## Medical Aptitude Tests To Be Given

Medical aptitude tests, requirements for admission to medical school, will be given applicants at San Mateo Junior College, Apr. 24, at 2 p.m., with Dr. David Shepherd in charge.

It is not necessary that premedical requirements be completed if they will be completed in time for entrance to medical school in 1943.

Anyone interested should contact Dr. Shepherd at the college science building.

## Kiwanians Set Mark For Others To Reach

The Kiwanis Club's sale of U. S. savings stamps and bonds at the downtown booth on Broadway Saturday resulted in disposal of $2300 in bonds and $307.25 in stamps — largest amount yet sold at the outdoor stand. The previous week the 20-30 Service Club had sold $1000 worth; the first week the stand was operated, Commuters Club members sold $1955 worth. Tomorrow from 1 to 5 p.m. Exchange Club members will operate the stand.

## Freight Is Derailed In Train Collision

SAN CARLOS — Several windows in the last coach of a passenger train were shattered Saturday afternoon and two cars of a work train derailed when a slight collision between the two occurred. No one was injured.

The work train, backing up, went through an open switch and onto the tracks of a southbound passenger train. The rear of the freight clipped the last car of the passenger train.
